Coop of Les Celliers Jean d'Alibert

Climate

Mediterranean

Alcohol

12.5%

Soil

Chalk and clay

Residual Sugar

1.2 g/l

Vine Management

Conventional

pH

3.19

Serving Temp

10 °C

Total Acidity

4 g/l

Cellaring Potential

1 to 2 years

Wine Making

Destemmed and crushed, free run juice and first two presses blended. Maceration of must for 5 days with SO₂ addition. Cold settling. Alcoholic fermentation at 16 °C. Aged in concrete tanks for 2 - 12 months.

Palate

Wild strawberries and raspberries continue onto the crisp and refreshing palate, where they are complemented by grapefruit and floral notes.

Colour/Appearance

Pale salmon

Aroma/Bouquet

The nose is elegant and bursting with wild strawberries and raspberries.

Food Pairing

Perfect on its own as an aperitif, or served alongside light summer dishes and BBQs.
